

ThermaCote®

Do you need a single product in your building to reduce the temperature and energy consumption, anti-humidity, airtightness, waterproofing and breathable?

**ThermaCote® can do all that and much more.
All in one single product.**

**THERMAL
INSULATION**

WATERPROOFING

ANTI-MOISTURE

BREATHABLE

What can ThermaCote® do in a building?

ThermaCote is a multi-function coating.

- ✓ Thermal insulating barrier. In summer reducing temperature up to 38%. In winter keeping the heat inside the building. Reduces heating and air conditioning bills.
- ✓ For walls, roofs and pavements.
- ✓ Extracts humidity from the building.
- ✓ You can use it on all types of substrates.
- ✓ Primer & top coat, all-in-one application.
- ✓ Decorative: 54 colors.
- ✓ Up to 40% energy savings.
- ✓ Air- & Water-Tight, while remaining breathable.
- ✓ Accoustic correction.
- ✓ Extends building durability.
- ✓ Space savings (very small thickness).
- ✓ Environmentally friendly (Ultra Low VOCs).
- ✓ 10 years guarantee.
- ✓ Corrosion Inhibitor.
- ✓ Ultra Lightweight.
- ✓ Waterproof.
- ✓ Fire Retardant.
- ✓ Elastic.
- ✓ Good Adherence.
- ✓ Helps lower maintenance costs.
- ✓ Makes buildings sustainable.
- ✓ Minimizes leaks and damages.
- ✓ Quick application (up to 800m2 in one day).
- ✓ Application even on a hot surface.
- ✓ Anti-condensation protection.
- ✓ Wakable.
- ✓ Protects your health.
- ✓ Protects against decarbonation in concrete.
- ✓ Improves thermal comfort.
- ✓ Protects HVAC ducts on the roofs against condensations and corrosions and insulate them thermically.
- ✓ Reduces dilatations and contractions of structures.
- ✓ Application even during the building occupation.
- ✓ ThermaCote has Emissivity, Reflectivity and Transmittance.
- ✓ Protects against thermal bridging and conduction (creates a real envelope of the structure).
- ✓ Increases efficiency of solar photovoltaic panels and HVAC units on the roofs.

If you want to use only one coating in your building for many applications, you should seriously consider applying ThermaCote®.
